Submit your completed application on the T&P Scholarships and Awards webpage by the posted deadline. Your application cannot be considered until all documentation has been uploaded.

Prentice David Hill Dramatic Scholarship Disbursement Guide

What to expect if you are selected as the recipient of the Prentice Hill Scholarship:

1) The purpose of the scholarship is to help offset the cost of attendance at William & Mary during the regular academic year. If your total cost of attendance this year (tuition & fees, room & board, and estimated indirect costs such as books, travel, etc.) have not be covered by other **grants and scholarships**, you can use this scholarship to cover unmet need. It will be awarded through the Financial Aid Office and will be factored into your total William & Mary financial aid package.

2) Please be aware that if the total cost of attendance this year (tuition & fees, room & board, and estimated indirect costs) has already been met with **grants and scholarships**, you can be awarded this scholarship, but you might not receive a cash disbursement.

There are many possible scenarios for how the award can be applied, (such as offsetting loans) so please speak to your financial aid advisor to review the specifics in your case.

It is the policy of the Department of Theatre & Performance to award deserving students in our programs. If you are awarded but do not receive a cash disbursement, you have been recognized for your achievements and given a distinction that will follow you throughout your career. Please Apply!

I have read the disbursement guide for the Prentice Hill Scholarship.
