WILLIAM & MARY
TribeLink

The TribeLink Event pass is unique for each TribeLink user and can be used to check into different events throughout campus. You can save your Event Pass to your Apple Wallet or Google Pay for easy access throughout your time at W&M. Event hosts can scan your event pass during events using the Mobile Event Check-In app. There are two ways to access your Event Pass; the first is through tribelink.wm.edu and the second is through the Corq app.

What is the Corq app? It's an easy way to explore the student organization directory and events calendar! When you log into the Corq app, you'll see more events, a personalized events calendar, and your Event Pass. Download the Corq app
